## About PROUD Fathers, Inc.

PROUD Fathers, Inc. is a non-profit organization established to provide support, encouragement, and resources to fathers and men who serve as father figures. Statistics inform us that there are 63.4 million fathers in the nation and of that 2.5 million are single fathers. Studies on parent-child relationships and child wellbeing show that a father's love is an important factor in predicting the social, emotional, and cognitive development and functioning of children and young adults. There is statistical evidence to prove that fathers make a difference!

PROUD stands for P – protector, R – resourceful, O – ongoing, U – understanding, and D – dedicated. This organization is committed to addressing the needs of fathers, and providing them with resources to make them better fathers and strengthen their families, too.
